
Current System Status

Article Number: 706 | Rating: Unrated | Last Updated: Wed, Aug 15, 2018 at 2:25 PM

There are currently no reported issues with the online services and applications. We have received reports from some Spaces customers indicating that their patrons are having issues logging into their accounts. This issue is affecting customers who have not enabled the HTTPS connection. We will be deploying a hotfix this evening, which we expect to resolve the issue for impacted patrons, including those associated with libraries who have not yet changed to an HTTPS connection.

Custom Fields Applicable To: All Users**Attachments:** No**Summary:** Current status of the system.
