

Displaying events in NoveList Select

Article Number: 377 | Rating: Unrated | Last Updated: Wed, Mar 21, 2012 at 9:15 AM

Please refer to this article on Ebsco's knowledge base on how to display events from your Evanced calendar in NoveList Select:

http://support.ebsco.com/help/?int=novselect&ver=live&lang=en&feature_id=EventsPresentation

Please note that your Events system needs to be on at least version 7.17 for this to work.
