
Domains Accessed By Wandoo Reader

Article Number: 626 | Rating: Unrated | Last Updated: Tue, Jan 27, 2015 at 12:34 PM

Some customers may want to create a dedicated kiosk for Wandoo Reader. If you wish to lock down the station to only relevant domains, the following are the domains accessed by Wandoo Reader:

wandooreader.com google-analytics.com s3.amazonaws.com If you allow those domains through, you should have no problem accessing Wandoo Reader from a dedicated kiosk or terminal. However, please note that Wandoo Reader allows you to use images for certificates and banners. If those are hosted on a domain outside other than the ones listed above, you may have display issues for those images when viewed on a dedicated terminal.

Custom Fields Applicable To: Admin Users**Attachments:** No**Summary:** What domains should be whitelisted for dedicated use by a Wandoo Reader only terminal?
